4. Comments of the visiting team on the overall performance:

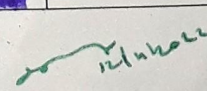

Overall performance of the department is very good. In fact I am very happy to give this audit report for this department.

5. Recommendation (if any) of the visiting team:

In spite of all the good, I want to give the following suggestions: 1) academics should be filled for the betterment of students. 2) fund allotment to the govt. colleges should be increased especially for the purchase of instruments.
