7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. PERIYAR E.V.R. COLLEGE PROFS 58 Periyar E.V.R.College Profs 58 is a unique - one of its kind - voluntary assembly of former faculty of this college, committed to serve the college community and its stakeholders in all possible ways, purely on an honorary basis. Right from former faculty who served the college during the nascent stages (1964-65), faculty members who have served here at one or other stage of their career up to the recently retired are in its fold. This unique group is in existence since 2018 and appreciable voluntary services are being carried out by them in the college, without incurring any expenditure on Govt/College funds. As a first measure, the group undertook steps to enhance the aesthetics in the campus and contributed to the beautification of the College. Towards this, all the trees in the compound were pruned, as per technical advice and guidance from the forestry Department of the Tamil Nadu Agricultural University, and protective white-coating mixed with insect- repellent has been carried out giving a fresh look throughout- the college entrance. Apart from this, two beautiful Parks -one adjacent to the main building and another in front of the Lanka Building - both aesthetically fenced for protection- have been brought into existence and the gardens are blooming now presenting enhanced green and colors of nature. The Founding Day of the College (24th August) is being celebrated by this group by organising useful lectures on education, facing competitive examinations, and Personality Development for students. Regular week-end free coaching for competitive examinations for the benefit of the students are on the anvil. Courses on Communication, during free time available for students will be there sooner. Periyar EVR College Profs 58 have their SANGAMAMS twice a year- on 1st May and on Oct 2nd.Small groups meet of and on to chalk out programmes and carry out actions mandated by the group. Web Link : <https://thanthaiperiyargasc.ac.in/pevrc-profs-58/> 2. Eight faculty members of our college have enrolled themselves in M.Sc (Yoga) offered by Bharathidasan University as distance mode. After duely completed the course they will become

Yoga teachers. The yoga lessons are very useful for the teachers to keep themselves mentally and physically fit to handle the students who come from diverse backgrounds. They also encourage students to take up Diplomas and Degrees in Yoga.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Our college has been hailed as a Centre for many socio cultural changes. Some students have even become social reformers fighting for the rights of the underprivileged. These best practices reflect the credibility and the responsibility of the institution towards the society which works tirelessly within Academic and non-academic frameworks. Students, and stakeholders work towards creating a healthy society thereby an empowered nation. As the college is located in the Central part of the state which attracts students from many remote villages who are first-generation learners, it is the one of the unique factors which many education institutions lack in catering to the needs of the educationally and economically weaker sections of the society. Women constitute 48 percent of the total population of India and the principle of gender equity is enshrined in the Indian Constitution and reducing the gender gap in Higher Education is our focus and our college inclines towards fulfilling this motto to the fullest extent possible. The overall strength in terms of students, teachers and non-teaching staff as can be ascertained from the data, shows an increasing trend in women empowerment. The number of female students enrolling every year is shooting up revealing the safe environment and prevailing equality. Education is important for everyone, but it is especially significant for women. Educating a woman can have ripple effects within the family and across generations. Even though women work in different sectors, teaching profession only gives space to exhibit their scholastic and leadership skills. Hence, Women teachers add value to educational institutions.
