The National Level E-Quiz on Fundamentals of Physical Chemistry was organized by the Department of Chemistry in association with the Internal Quality Assurance Cell (IQAC) for the benefit of Students, Research Scholars, Faculty members during 31/07/2020 to 03/08/2020 (Four Days). Physical chemistry is essential to understanding the other branches of chemistry. It provides a basis for understanding the thermodynamic influences that drive chemical reactions forward. It provides justifications for the schemes proposed in organic chemistry to predict and account for the reactions of organic compounds. It accounts for the structures and properties of transition metal complexes, organometallic compounds, the microporous materials that are so important for catalysis, and biological macromolecules. It is fair to say that there is no branch of chemistry that can be fully understood without interpretations provided by physical chemistry. Hence the title "Fundamentals of Physical Chemistry" was chosen for National Level E-Quiz. The quiz has 20 multiple choice questions (MCQ) and each question carries five points. The participants who scored 40% and above were issued E-certificates. Dr.A.John Amalraj, Assistant Professor of Chemistry was represented as Programme Coordinator for this National Level E-quiz. Dr.J.Suganthi, Principal was the patron of this event. The convenor of this event was Dr.C.Thangavelu, Associate Professor and Head, Department of Chemistry. Dr.B.Senthilkumar, IQAC Coordinator, Assistant Professor, Department of Statistics, was associated with this event. There is no registration fee to participate in this National Level E-Quiz. The E-quiz received 275 responses. The number of participants successfully completed is 275. The Fig.1 provide designation-wise participants. The Certificate issued to participants is shown in Fig.2. The Fundamentals of Physical Chemistry MCQ's with answers posted for E-Quiz event are also provided with this report.

### A Report on National Level E-Quiz on Fundamentals of Inorganic Chemistry

The National Level E-Quiz on Fundamentals of Inorganic Chemistry was organized by the Department of Chemistry in association with the Internal Quality Assurance Cell (IQAC) for the benefit of Students, Research Scholars, Faculty members during 06/07/2020 to 10/07/2020 (Five Days). Inorganic chemistry is concerned with the properties and behavior of inorganic compounds, which include metals, minerals, pigments, surfactants, medicines, fuels and organometallic compounds. Inorganic chemists are employed in fields ranging from mining to microchips. Inorganic compounds essential to human functioning include water, salts, acids, and bases. Hence the title "Fundamentals of Inorganic Chemistry" was chosen for National Level E-Quiz. The quiz has 20 multiple choice questions (MCQ) and each question carries five points. The participants who scored 50% and above were issued E-certificates. Prof.C.Geetha Priya, Assistant Professor of Chemistry was represented as Programme Coordinator for this National Level E-quiz. Dr.J.Suganthi, Principal was the patron of this event. The convenor of this event was Dr.C.Thangavelu, Associate Professor and Head, Department of Chemistry. Dr.B.Senthilkumar, IQAC Coordinator, Assistant Professor, Department of Statistics, was associated this event. There is no registration fee to participate in this National Level E-Quiz. The E-quiz received 386 responses. The number of participants successfully completed is 386. The Fig.1 provide designation-wise participants. The Certificate issued to participants is shown in Fig.2. The Fundamentals of Inorganic Chemistry MCQ's with answers posted for E-Quiz event are also provided with this report. 2
